Office Action Summary	Application No. 09/876,090	Applicant(s) BENNY ET AL.	
	Examiner Ramy M. Osman	Art Unit 2157	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Status of Claims

1. This communication is responsive to amendment filed on May 16, 2005, where applicant cancelled claims 1-21 and added new claims 22-25. Claims 22-25 are pending.

Response to Arguments

2. Applicant's arguments with respect to claims 22-25 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

4. **Claims 22-25 rejected under 35 U.S.C. 102(e) as being anticipated by Guheen et al (US Patent No 6,957,186).**

Guheen teaches a method, a technical framework, a computer readable medium comprising a program, and a data processing system all correspondingly and operable to deliver a specific set of information technology services for a customer, comprising the steps of:

determining a solution scope for the technical framework to be created (see at least Figure 3 reference #31a), the solution scope guided by an information technology services

Art Unit: 2157

contact with the customer, the solution scope based on common practices for delivering certain types of information technology services (Abstract, column 2 lines 1-35, column 9 lines 1-35, column 10 lines 1-35, column 30 lines 1-25 and claim 1);

mapping the customer's existing equipment to lowest level abstractions of architectural building blocks in a technical model (see at least Figure 3 reference #31b & 31c), the technical model describing people, processes, tools and information used to deliver specific services to customers, the architectural building blocks comprising architectural components that are sufficiently modular and bounded to be described as self-contained entities (column 2 lines 1-35, column 9 lines 1-35, column 30 lines 1-25, column 56 lines 10-67 and claim 1);

creating a list of design objects as a function of the solution scope for the technical framework (see at least Figure 3 reference #31d & 31e), the design objects based on logical groupings of architectural building blocks, including software and hardware components (column 14 lines 40-67, column 23 lines 25-67, column 30 lines 1-25 and column 38 lines 10-30); and

designating relationships between the design objects as a function of the solution scope and the specific set of information technology services for the customer (see at least Figure 4, and column 13 lines 1-45, column 30 lines 40-67 and column 50 lines 1-30).

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
